Register Ready

Montgomery Township Health Department and Montgomery Township Office of Emergency Management encourage residents with special needs in an emergency to sign up for the "New Jersey Register Ready" Registry. It is free, voluntary, and strictly confidential.

Register Ready is designed to help people who may have difficulty during an emergency call of service, an evacuation, or a power outage, because of physical or cognitive limitations, language barriers, or lack of transportation.

Residents with special needs or caregivers: Sign up at Register Ready Webpage or call 2-1-1 for assistance.

Registering will help first responders, such as police, fire, and rescue squad personnel, make the best use of limited time and resources to help people who need special help or with no other options for evacuation during an emergency.

Residents without internet access can apply by printing out and mailing in the Register Ready PDF Form to our Health Dept.

Please mail to:

Montgomery Township Health Dept.
100 Community Drive
Skillman, NJ 08558
Attn: Register Ready
